## PAPER FOR TEXT PAGES

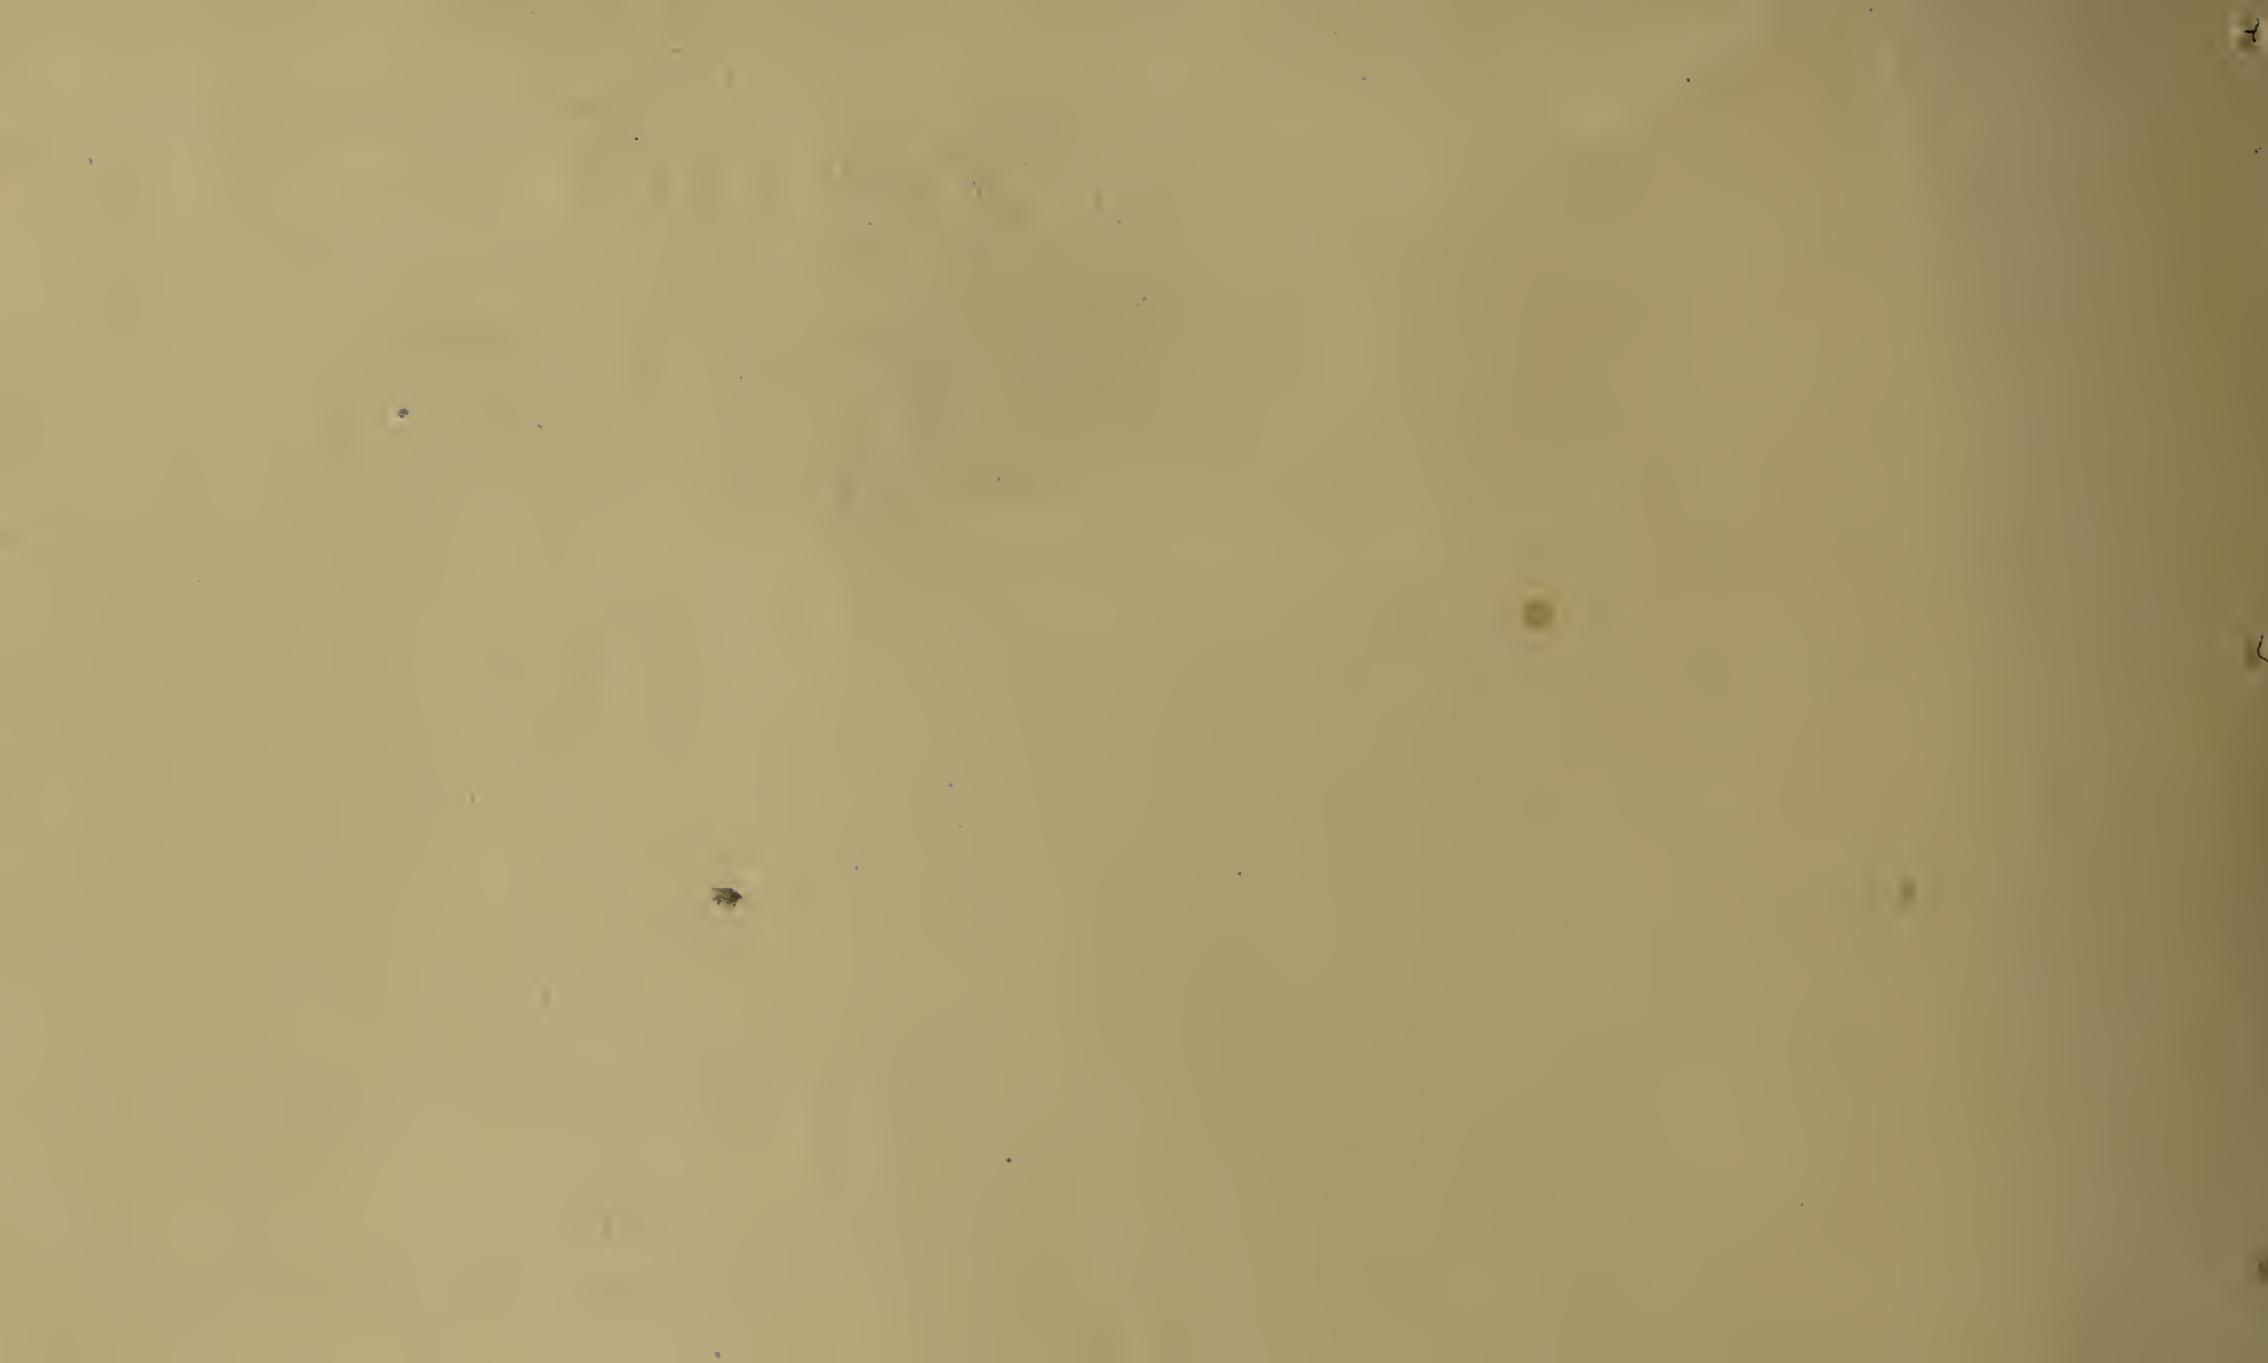

---

**T**HERE is an increasing demand for colored papers which shall be peculiarly suited to booklet work. The present tendency is to have cover and text pages of the same color, or the use of two colors which are in close harmony. The papers shown have the essential qualities of the ideal booklet paper, as they print, emboss, and fold well, and are produced in seven carefully selected colors. Notice that five of the colors are made in both cover and booklet size and weight. The reasonable price permits of the use of these papers for a wide range of work.
